

Pharmacy Services

Our pharmacies are open to everyone and accept all forms of insurance—you do not need to be a PureView patient to experience our superior customer service.

By using our pharmacies, you receive benefits like:

- Free home delivery (within 20 miles of our Helena clinics)
- Low costs
- One-on-one attention from one of our world-class pharmacists
- Courier services to East Helena and Lincoln

In addition, PureView has clinical pharmacists who work with you on an individual basis to find prescriptions that work for you. With prescribing authority, these pharmacists can work with you to make changes to your prescriptions to save you money, make sure that there are no adverse drug interactions, and work with your primary care provider to generally improve your health. They can also advise you on managing your diabetes, asthma and other chronic diseases.

Behavioral Health

If you need help, PureView is here for you. We encourage and support our patients to take an active role in managing their behavioral health. We offer assistance when stress, worry, chronic health conditions and emotional concerns interfere with your daily life.

Our mental health impacts our physical health just as physical conditions impact our emotions.

Our behavioral health providers are here to help you with:

- Depression
- Anxiety
- Substance use
- Making healthy lifestyle choices if you need to manage a chronic condition like diabetes or high blood pressure
- Other conditions affecting your health

Our team approach ensures that our dedicated professionals address your physical, behavioral and emotional well-being. The Behavioral Healthcare Team will provide immediate and personal follow-up to your PureView primary care provider, including findings and recommendations.
